PROFESSIONAL EXPERIENCE

Port Links India Private Limited | Gandhidham, Gujarat, India

Backend Developer Intern | Feb 2026 – Apr 2026

- Engineered a Lead-to-Ledger Project Management System using Next.js and MongoDB, implementing complete CRUD functionality across 6 core business modules.
- Systematized operational workflows, reducing manual data entry by 40% for a 6-person team.
- Architected a digital lead-to-project conversion pipeline, slashing manual handoff transition times from 2 days to under 30 minutes.
- Constructed highly scalable RESTful APIs utilizing the MVC architectural pattern and implemented reusable middleware for authentication, validation, and error handling, accelerating new feature deployment by 30%.

TECHNICAL PROJECTS

Lead to Ledger (PMS) | *Next.js, MongoDB, Vercel*

- Programmed a custom Project Management System to digitize enterprise workflows, currently serving 6+ active users.
- Managed processing and storage for 200+ secure records spanning project, task, and financial modules.

CraftyCure (E-Commerce Platform) | *React.js, Node.js, Express.js, MySQL, Firebase, Razorpay*

- Built a full-stack digital marketplace for handmade goods featuring live order tracking and a dedicated seller dashboard supporting 35+ concurrent users.
- Integrated Razorpay API for secure payment processing and Cloudinary for optimized media storage.

AI-Powered Healthcare Chatbot | *Python, Scikit-Learn, NLP*

- Deployed an NLP-driven chatbot tailored to triage patient inquiries across 10+ medical categories.
- Achieved 85%+ intent classification accuracy utilizing TF-IDF vectorization and Logistic Regression models.

Inventory Management System | *React.js, Node.js, Express.js, MySQL, Firebase*

- Created a responsive stock-tracking web application featuring real-time low-stock alerts and computerized inventory reporting, reducing manual stock-check times by 20%.

CERTIFICATIONS

- AI + Developer** | AI Certs (2025) – Completed with distinction; covered Deep Learning and Applied AI with Python.
- Design and Analysis of Algorithms** | NPTEL & Skill India (2024) – Ranked in the top 10% for complexity analysis and dynamic programming.
